**INDEPENDENT AUDITOR'S REPORT ON REVIEW OF  
CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

**TO: THE SHAREHOLDERS  
ALUJAIN HOLDING CORPORATION  
(A Saudi Joint Stock Company)**

**Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of **ALUJAIN HOLDING CORPORATION** (the "Company") and its subsidiary ("Group"), which comprise as at 31 March 2022, and the related interim condensed consolidated financial statements of profit or loss and other comprehensive income, changes in equity, and cash flows for the three months period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial information in accordance with International Accounting Standard (34), "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

**Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements (2410), "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Emphasis of Matters**

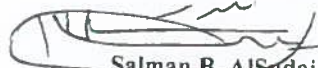

We draw attention to Note (4) of the accompanying interim condensed consolidated financial statements, which indicates that National Petrochemical Industrial Company ("NATPET") (Subsidiary Company) has acquired shares in Alujain Holding Corporation which is a non-compliance of Regulations for Companies (Article 184) in the Kingdom of Saudi Arabia. On 8 March, 2020 have been issued a court decision restricting the rights of shares owned by NATPET and any subsidiary company directly or indirectly related to NATPET in these shares of "Alujain Holding Corporation" until the ownership and transfer are properly corrected, by activating the role of the General Assembly of NATPET. Our opinion has not been amended based on this matter.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34 "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia.

**ALUJAIN HOLDING CORPORATION**  
**(A Saudi Joint Stock Company)**  
**Notes to the condensed consolidated interim financial statements**  
**For the three months period ended 31 March 2022 (Unaudited)**  
**(All amounts in Saudi Riyals thousands unless otherwise stated)**

**1 General information**

ALUJAIN HOLDING CORPORATION ("the Company" or "the Parent Company") is a Saudi Joint Stock Company incorporated and operating in the Kingdom of Saudi Arabia under Ministerial Decision No. 694, dated 15 Jamad Thani 1412H, corresponding to December 23, 1991. The Company obtained its Commercial Registration No. 4030084538 on Rajab 3, 1412H, corresponding to January 7, 1992. The Commercial Register was deleted and replaced with the new Commercial Register No. 1010614417 issued on 8 Jumada Al-Awal 1439H corresponding 25 January 2018. The Parent Company is listed on the Saudi Stock Exchange.

The name of the company was modified on February 4, 2020, based on the decision of the Extraordinary General Assembly, to become Alujain Holding Corporation (Alujain). On the same date, the objectives of the Parent Company has been modified based on the decision of the extraordinary general assembly whereby company activity represented before was modified to promote and invest in metal and petrochemical industries and other industrial projects and modified to manage its subsidiaries and participate in the management of other contributed companies, provide needed support, invest in stocks and other financial instruments, acquire necessary property and movables to start its activity and provide loans and financing guarantees to its subsidiaries.

The head office of the Parent Company is located in Riyadh.

**Acquisitions:**

On 6 Rabi' II 1443 A.H. (11 November 2021), the Group obtained control over National Petrochemical Industrial Company "NATPET" due to minority veto rights lapse after changes in the Company By-Law and NATPET became a subsidiary from that date.

The Condensed Consolidated Interim financial statements comprise the financial statements of the Company and its following subsidiaries (the "Group") as at March 31, 2022 (31 December 2021):

Subsidiaries	Country of incorporation	Paid up share capital	Effective ownership	
			2022	2021
National Petrochemical Industrial Company (1)	Saudi Arabia	1,070,000	76.40%	75.37%
Zain Industries Company (2)	Saudi Arabia	40,000	98.75%	98.75%
Alujain Company for Investment (3)	Saudi Arabia	100	-	-
Alujain Industrial Company (4)	Saudi Arabia	100	-	-

1. National Petrochemical Industrial Company "NATPET" is a Saudi Closed Joint Stock Company, incorporated and operating in the Kingdom of Saudi Arabia. The objective of NATPET is to produce polypropylene as per Industrial Ministry License No. 2339 dated Rajab 23,1438H, corresponding to April 20, 2017. NATPET's Polypropylene (PP) complex in Yanbu Industrial City commenced commercial production on August 6, 2010.

On 11 November 2021, the Group obtained control over NATPET due to minority veto rights lapse after changes in the Company By-Law and NATPET became a subsidiary from that date.

2. Zain Industries Company - a Limited Liability Company ("Zain") is engaged in the business of homecare products (spray starch and air fresheners), insecticides and agricultural pesticides, with manufacturing facility located in Jubail Industrial City. During 2017, the Parent Company increased its ownership interest in Zain from 49.38% to 98.75% by purchasing the interest from existing partners.
3. Alujain Company for Investment - a Sole Proprietor Limited Liability Company ("ACJ") was incorporated during the year 2017. ACJ's purpose is to engage in sale and purchase of land and real estate, and provision of commercial and administrative services. However, ACJ has not commenced commercial operations. During the year, the parent company liquidated Alujain Company for Investment and the commercial registration was canceled on July 13, 2021.
4. Alujain Industrial Company - A Sole Proprietor Limited Liability Company ("AIC") was incorporated during the year 2017. AIC's purpose is to engage in providing commercial and administrative services. However, AIC has not commenced commercial operations. During the year, the parent company liquidated Alujain Industrial Company and the commercial registration was canceled on July 12, 2021.

## 2 Basis of preparation

### 2-1 Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") and other standards and pronouncements, as endorsed by Saudi Organization for Certified Public Accountants ("SOCPA") in the Kingdom of Saudi Arabia ("KSA").

These condensed consolidated interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the annual audited financial statements for the year ended December 31, 2021.

#### a.) Basis of measurement

The condensed consolidated interim financial information has been prepared on a historical cost basis using the accrual basis of accounting and the going concern concept except for:

- Derivative financial instruments measured at fair value.
- Employees defined benefits determined using actuarial present value calculations based on project unit credit method.
- Investments measured at fair value through Other Comprehensive Income (OCI).

In addition, results for the interim period ended March 31, 2022 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2022.

The accounting policies adopted are consistent with those of the previous financial year ended December 31, 2021,

#### b.) Functional and presentation currency

The interim condensed financial statements are presented in Saudi Riyals which is also the Group's functional currency and all values are rounded to the nearest thousand Saudi Riyals, except when otherwise indicated.

### 2-2 Basis for consolidation

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its return

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year / period are included in the Condensed Consolidated Interim financial information from the date the Group gains control until the date the Group ceases to control the subsidiary.

Income and each component of other comprehensive income are attributed to the equity holders of the part of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the information of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognised in Condensed Consolidated Interim statement of income. Any investment retained is recognised at fair value.

2 Basis of preparation (continued)

2-2 Basis for consolidation (continued)

**Business combinations and goodwill**

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, which is measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in general and administration expenses.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments: Recognition and Measurement, is measured at fair value with the changes in fair value recognised in the Condensed Consolidated Interim statement of profit or loss.

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in Condensed Consolidated Interim profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports in its financial information, provisional amounts for the items for which the accounting is incomplete. During the measurement period, the Group retrospectively adjusts the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date. During the measurement period, the Group also recognises additional assets or liabilities if new information is obtained about facts and circumstances that existed as of the acquisition date and, if known, would have resulted in the recognition of those assets and liabilities as of that date. The measurement period ends as soon as the Group receives the information it was seeking about facts and circumstances that existed as of the acquisition date or learns that more information is not obtainable. However, the measurement period does not exceed one year from the acquisition date.

Where goodwill has been allocated to a cash-generating unit ("CGU") and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

**Investments accounted for using equity method**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries.

The Group's investments in its associate and joint venture are accounted for using the equity method.

Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment separately.

2 Basis of preparation (continued)

2-2 Basis of preparation (continued)

Investments accounted for using equity method (continued)

The condensed consolidated interim statement of income reflects the Group's share of the results of operations of the associate or joint venture. Any change in statement of other comprehensive income of those investees is presented as part of the Group's Condensed Consolidated Interim statement of other comprehensive income. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the interim statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the Condensed Consolidated Interim statement of profit or loss outside operating profit and represents profit or loss after tax and non-controlling interests in the subsidiaries of the associate or joint venture.

The financial information of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the Condensed Consolidated Interim statement of profit or loss.

Fair value measurement

The Group measures financial instruments, such as, derivatives, at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial information are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial information on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing the categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The policies and procedures for both recurring fair value measurement and for non-recurring measurement are evaluated periodically.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2 **Basis of preparation (continued)**

**Cash dividend to equity holders**

The Group recognises a liability to make cash distribution to equity holders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the companies regulations of Saudi Arabia, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

**Inter-group loans**

The Group recognises any loans obtained from the shareholder of subsidiaries as a financial liability and classifies it under the current liabilities. Such loans are repayable at the request and the Group does not have an unconditional right to avoid settlement of such obligation.

**2.3 Using judgments and estimates**

In preparing these condensed consolidated interim financial statements, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in annual consolidated financial statements.

However, as explained in Note (1) above, the Group has reviewed the key sources of estimation uncertainties disclosed in the last annual consolidated financial statements against the backdrop of Covid-19 pandemic. Management believes that other than the expected credit losses arising on the financial assets, all other sources of estimation uncertainty remain similar to those disclosed in the annual consolidated financial statements. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

3 **Significant accounting policies**

The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2021, except new standards, amendment to standards and interpretations as described below:

**New Standards, Amendment to Standards and Interpretations**

There are no new standards issued, however, there are number of amendments to standards which are effective from 1 January 2022 and has been explained in Group annual consolidated financial statements, but they do not have a material effect on the Group's condensed consolidated interim financial statements.

4 **Investment accounted for using equity method NATPET**

NATPET is a Saudi Closed Joint Stock Company, incorporated and operating in the Kingdom of Saudi Arabia. The objective of NATPET is to produce polypropylene as per Industrial Ministry License No. 2339 dated Rajab 23, 1438H, corresponding to April 20, 2017. NATPET's Polypropylene (PP) complex in Yanbu Industrial City commenced commercial production on August 6, 2010.

On October 2, 2018, a fire occurred at the plant of NATPET in Yanbu. As a result, the complex is currently not in operation. The NATPET Company has since lodged the claim with the insurance company. Under the insurance policy, the insurance company is responsible to reinstate the plant to its working condition and also compensate the NATPET Company for business interruption.

In subsequent to the accident, NATPET estimated the cost of plant and equipment destroyed in the fire, and the items of plant and equipment that were damaged beyond repair in the fire accident were written off. The net book value of plant and equipment amounted to 31.1 million, has been presented as property and equipment written off in the statement of profit or loss and comprehensive income in NATPET for the year ended December 31, 2018, no further write-offs of property, plant, and equipment during the year ended 31 December 2020 and December 31, 2019, and during the first quarter of 2020, construction works related to the facilities affected by the resulting fire were completed and work began during 2020.

In April 2020, NATPET finalized its final claim with the insurance company related to fire incident compensation where total payments received from insurance company amounting to SR 1,230 million.

In June 2021, NATPET completed all procedures related to the transfer of ownership of Menna Company, Fawasel Advanced Petrochemical Company, Al-Taj Towers for Plastic Industries Company, and Afaq Professional Chemical Company ("the four companies") as per the directives of the competent authorities and became a 100% owner of these four companies. Accordingly, the investment in the four companies has been consolidated in the condensed consolidated interim financial statements of NATPET for the year ended 31 December 2021.

NATPET has invested in the shares of Alujain Holding Corporation, the fair value of the shares as on March 31, 2022 amounted to about 1,285 million Saudi riyals (19.86 million shares). On March 8, 2020, an urgent court ruling was issued against NATPET and its company, whether owned directly or indirectly, restricting the disposal of the shares owned in Alujain Holding Corporation, until the ownership rights and their transfer are treated correctly through activating the general system of NATPET in accordance with what is stipulated in the corporate system.

On 11 November 2021, the Group obtained control over NATPET due to minority veto rights lapse after changes in the Company By-Law and NATPET became a subsidiary from that date.

ALUJAIN HOLDING CORPORATION  
(A Saudi Joint Stock Company)  
Notes to the condensed consolidated interim financial statements  
For the three months period ended 31 March 2022 (Unaudited)  
(All amounts in Saudi Riyals thousands unless otherwise stated)

4 Investment accounted for using equity method NATPET (continued)  
Acquisition of subsidiary (continued)

The movement in investment is as follows as at 31 March:

Beginning of the period	-	1,625,464
Share in net profit for the period	-	65,092
Share in other comprehensive income for the period	-	420
End of the period	<u>-</u>	<u>1,690,976</u>

A reconciliation to the carrying amount to the net assets of NATPET is as follows:

	March 31, 2021 (Unaudited)
Opening net assets	2,830,112
Profit for the period	113,402
Other Comprehensive profit for the period	<u>731</u>
	<u>2,944,245</u>
Group's share in % (rounded to one decimal)	57.4%
Group's share in net assets (computed on absolute share)	1,689,981
Inter-group adjustment	<u>995</u>
	<u>1,690,976</u>

**Acquisition of subsidiary**

On 11 November 2021, the Group obtained control over NATPET due to minority veto rights lapse after changes in the Company By-Law and NATPET became a subsidiary from that date. The group obtained control of an NATPET without transferring consideration. As per IFRS 3 "Business combination" when the a company obtain control without transferring consideration the the group shall remeasure its previously held equity interest in the acquiree at its acquisition-date fair value and recognise the resulting gain or loss, if any, in profit or loss. Based on the above , the fair value of its interest in the acquire will substitute the acquisition-date fair value for the acquisition-date fair value of the consideration transferred to measure goodwill or a gain on a bargain purchase.

Alujain has fulfilled all the requirements for controlling NATPET in accordance with the International Financial Reporting Standards, which was previously announced in the Saudi Stock Exchange (Tadawul) on January 30, 2022. On the acquisition date, the company appointed an independent accredited valuator to evaluate NATPET, and as a result of the evaluation, the fair value of NATPET amounted to SAR 5,319 million, and the fair value at the date of control of its interest in NATPET of (74.98%) amount to SAR 3,988 million. An amount of goodwill was recognized as a result of the control and evaluation process amounting to SAR 1,533 million.
